

PARKING MAP & INFORMATION

Shuttle buses to and from the terminal pick-up and drop-off passengers at each shelter in the Economy Parking and Long-Term Parking lots.

Remember where you park! Keep your parking ticket in a safe place, such as your wallet or purse. **If you parked in the Economy Parking lot, your ticket will be blue; if you parked in the Long-Term Parking lot, your ticket will be orange.**

Before boarding a shuttle bus, please make note of your vehicle's section and row number—as well as the nearest shelter number—so you can easily remember where you parked upon your return. For your reference, you may want to write your section and row number on your ticket.

Complete details about parking at Indianapolis International Airport are available online at www.indianapolisairport.com.

Use speed ramp (left) for direct access to Parking Garage Levels 2 and 3. The garage connects to the terminal via the Pedestrian Bridge on Level 3. Express Valet parking services are also located on Level 3.

Use garage helix (right) to access all Parking Garage Levels 2-5.

Credit-only EXITS; pick up rest of family at terminal

Turn left to ENTER Economy or Long-Term parking

Use left lane to access parking
